

“GET READY FOR KIDS”

Monday, May 19, 2014 • 0700–1700

Palm Springs Convention Center • Continental Breakfast & Lunch Provided

Register today at www.cfedwest.com • Price: \$85

Course approved for 7 hours of continuing education by an approved California EMS CE Provider & the Board of Registered Nursing.

Course satisfies the Los Angeles County EDAP requirement.

DESCRIPTION

The goal of the EMS for Children (EMSC) program is to ensure that critically ill and injured children receive optimal pediatric emergency care during everyday emergencies and during a disaster.

The Program has been hosting educational forums for 16 years, supported by the California EMS Authority, with a grant from the Department of Health & Human Services Administration, Maternal and Child Health Bureau.

In 2014, we are partnering for the second year with CFEDWest to host this pre-conference forum. The session will explore current issues and practices in providing emergency care to children.
